

For Consumers: Health Insurance Rate Changes

May 2011 to April 2012

NOTE: The rate changes in this report are for illustrative purposes only, and reflect the rate filings approved by the Office over the past 12 months. These rate changes are **statewide averages only** – the actual rate change you will see in your policy may vary widely depending on individual circumstances. Also, the only companies listed in this report are those that requested and were granted a rate change over the past 12 months.

Glossary of Health Products

Health Maintenance Organizations (Individual): any contract entered into by a health maintenance organization with a subscriber to provide coverage for comprehensive health care services in exchange for a prepaid per capita or prepaid aggregate fixed sum. (Section 641.19(11), Florida Statutes).

Health Maintenance Organizations (Group): Any contract entered into by a health maintenance organization with a group of subscribers to provide coverage for comprehensive health care services in exchange for a prepaid per capita or prepaid aggregate fixed sum. (Section 641.19(11), Florida Statutes).

Major Medical (Individual): Health insurance coverage consisting of medical care, provided directly, through insurance or reimbursement, or otherwise and including terms and services paid for as medical care, under any hospital or medical service policy or certificate offered to an individual. (Section 627.6561(5), Florida Statutes).

Major Medical (Group): Health insurance coverage consisting of medical care, provided directly, through insurance or reimbursement, or otherwise and including terms and services paid for as medical care, under any hospital or medical service policy or certificate offered to a group.

Conversion: A type of insurance that covers an insured whose insurance under a group policy has been terminated for any reason, including discontinuance of the group policy in its entirety. (Section 627.6675, Florida Statutes).

Terms Used in the Rate Filing

Base Rate Change: The average change to the premium that will be implemented at a single point in time. The rate change experienced by any insured may differ from the average.

Average Trend: The growth rate required to cover medical provider price increases, utilization changes, and other items. This is the average change to the premium that will be implemented over a period of time (typically twelve months).

Total Rate Change: The combined effect of the base rate change and the trend. This is the total average rate change approved in the filing.

Anniversary Allowed: The combined effect of the base rate change, trend, and previously approved changes that have not yet been fully implemented.

FEIN: The Federal Employer Identification Number is the corporate equivalent of a Social Security Number.

National Association of Insurance Commissioners (NAIC): The NAIC is the organization of insurance regulators from the 50 states, the District of Columbia and the five U.S. territories. The NAIC provides a forum for the development of uniform insurance regulatory policy, when uniformity is appropriate.

NAIC Company Code: The NAIC tracks companies nationwide by assigning them a unique 5-digit code. This can be helpful when searching for information about a company in the [NAIC database](#). Florida also assigns insurers a unique 5-digit company code for tracking in [our data bases](#).
