SCOPE OF EXAMINATION

We have completed a financial condition examination as of December 31, 2018 of HealthSpring of Florida, Inc. (Company), a Florida health maintenance organization (HMO). The last financial condition examination of the Company by the Florida Office of Insurance Regulation (Office) was as of December 31, 2014.

We conducted our examination in accordance with the National Association of Insurance Commissioners (NAIC) *Financial Condition Examiners Handbook*. The Handbook required that we plan and perform our examination to evaluate the financial condition, assess corporate governance, identify current and prospective risks of the Company and evaluate system controls and procedures used to mitigate those risks. Our examination also included identifying and evaluating significant risks that could cause an insurer's surplus to be materially misstated both currently and prospectively. If, during the course of the examination an adjustment is identified, the impact of such adjustment will be documented separately following the Company's financial statements.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process. This included assessing significant estimates made by management and evaluating management's compliance with Statutory Accounting Principles. The examination does not attest to the fair presentation of the financial statements included herein.

This examination report includes significant findings of fact, as mentioned in Section 624.319, Florida Statutes (F.S.) and general information about the insurer and its financial condition. There may be other items identified during the examination that, due to their nature (e.g. subjective

conclusions, proprietary information, etc.), are not included within the examination report but were separately communicated to other regulators and/or the Company.

AFFILIATED AND OTHER AGREEMENTS

The following agreements were in effect between the Company and its affiliates:

Amended and Restated Consolidated Federal Income Tax Agreement

Amended on January 1, 1997, and effective January 31, 2012, the Company entered into an Amended and Restated Consolidated Federal Income Tax Agreement, which stated that Cigna's indirectly wholly owned domestic subsidiary insurance companies had entered into a

Consolidated Federal Income Tax Agreement (Tax Agreement), which became effective as of April 1, 1982. The Tax Agreement sets forth the method of allocation of federal income taxes for Cigna and its wholly owned domestic subsidiaries, including insurance subsidiaries. It provided for immediate reimbursement to companies with net operating losses to the extent that their losses were used to reduce consolidated taxable income; while those companies with current taxable income as calculated under federal separate return provisions, were liable for payment determined as if they had each filed a separate return. However, current credit was given for any foreign tax credit, operating loss or investment tax credit carryovers actually used in the current consolidated return. The Company participated as a party to the agreement.

Fee Sharing Agreement

Effective August 4, 2014, the Company was subject to the Health Insurance Providers Fee, the Fee, which was imposed on each covered entity engaged in the business of providing health insurance for any United States health risk. Such entities, along with Cigna, were collectively treated as a single covered entity as that term is defined in Section 9010(c) and Treas. Reg. §57.2(b). By entering into this Agreement, each Party had consented to select Cigna as its designated entity for the payment of this Fee. The Agreement allowed Cigna to pay each year to the Treasury the Fee owed collectively by all covered entities in the group, and to perform all necessary and appropriate actions that may be required to fulfill Cigna's responsibilities as the designated entity. This Agreement further allowed Cigna to delegate to a wholly owned subsidiary the authority to perform these actions on Cigna's behalf. For financial management and reporting purposes, Cigna and the Parties allocated the Fee for each Fee Year among the Parties in proportion to estimates of each Party's Premiums for that Fee Year.

Management Agreement, as amended

Effective October 1, 2007, and amended on January 1, 2010, the Company contracted for managerial, administrative, and financial support services through an administrative service contract based on a percentage of premium revenue with NewQuest Management of Florida, LLC.

Network Access Agreement
