Regulatory Plan, FY 2023-24

**Plans for FY 2023-24**

This regulatory plan has been prepared by the Florida Office of Insurance Regulation (OIR) in accordance with section 120.74, Florida Statutes (F.S.), for the 2023-24 Fiscal Year.

**A. Rulemaking Necessitated by Changes to the Florida Statutes Pursuant to Section 120.74(1)(a), F.S.**

Pursuant to section 120.74, Florida Statutes (“F.S.”), the OIR has reviewed the legislation passed in the 2023 Regular Session as well as Special Sessions 2022A and 2023B and has determined that the following revisions will need to be made to the Florida Administrative Code.

Chapter 2023-29, Laws of Florida, made significant changes to sections 626.88, 626.8805, 626.8814, and 626.89, F.S., and created sections 626.8825, 626.8827, and 626.8828, F.S., changing the laws that govern the licensing, registration, and operations of pharmacy benefit managers. The OIR has drafted rules and forms to implement this statute. Notices of Rule Development for these rules were published in July 2023.

Chapter 2023-172, Laws of Florida, amends section 624.315, F.S., regarding annual and quarterly reports, section 624.316, F.S., regarding risk-based selection methodologies for scheduling financial examinations, section 624.3161, F.S., regarding selection methodology for market conduct examinations, and section 624.4301, F.S., requiring a notice of temporary discontinuance of writing new residential property insurance policies, and creates section 627.4108, F.S., regarding claims handling manuals. Rulemaking to implement these sections has begun and the notices of rule development were published in July of 2023. Section 627.0629, F.S., was also amended regarding fixtures and construction techniques that reduce loss from windstorm damage, requiring the OIR to update and reevaluate actuarial values of these items every five years beginning January 1, 2025. The OIR anticipates beginning rulemaking to implement this section in late 2024, once data from the study authorized by Chapter 2023-175, Laws of Florida, is available. The other sections of this bill can be administered without additional rulemaking.

Chapter 2023-175, Laws of Florida, amended section 627.0629 F.S., regarding residential property rate filings, to require that adjustments be made for wind uplift prevention. Section 5 of that Chapter provides funding for a wind loss mitigation study to be completed before July 1, 2024, to determine appropriate adjustments. The OIR anticipates publishing a Notice of Proposed Rule in late 2024 after reviewing the findings of that study.

Chapter 2023-295, Laws of Florida, amends sections 651.026, and 651.0261, F.S., making changes to the required financial statements and annual, quarterly, and monthly reports provided by continuing care retirement communities. The OIR is developing amendments to the rules impacted by these changes.

The OIR believes that Chapters 2023-149, and 2023-312, Laws of Florida, can be implemented without additional rulemaking. The text of the chapters provides sufficient clarity to allow for implementation.

No other legislation from the 2023 Regular Session nor Special Sessions 2022A and 2023B either mandates or necessitates additional rulemaking by the Commission.
