

INFORMATIONAL MEMORANDUM

OIR-18-01M

ISSUED

December 19, 2018

Florida Office of Insurance Regulation

David Altmaier, Commissioner

TO ALL PROPERTY AND CASUALTY INSURERS AUTHORIZED TO DO BUSINESS IN FLORIDA

HURRICANE MICHAEL CLAIMS RESPONSE

Hurricane Michael made landfall in the Florida Panhandle on October 10, 2018, causing estimated total insured losses of \$4.5 billion and generating more than 133,000 claims as of December 17, 2018. According to data filed with the Florida Office of Insurance Regulation, more than 90,000 claims have been closed. However, there are more than 42,000 claims that remain open. Insurers are reminded of Section 626.9541(1)(i)4., Florida Statutes, which requires that property insurers must pay:

... undisputed amounts of partial or full benefits owed under first-party property insurance policies within 90 days after an insurer receives notice of a residential property insurance claim, determines the amounts of partial or full benefits, and agrees to coverage, unless payment of the undisputed benefits is prevented by an act of God, prevented by the impossibility of performance, or due to actions by the insured or claimant that constitute fraud, lack of cooperation, or intentional misrepresentation regarding the claim for which benefits are owed.

To facilitate the payment of Hurricane Michael claims, it is important that insurers have sufficient claim adjustment and consumer service resources to provide policyholders with access to effective customer service. Insurers may need to augment available claim or customer service resources, establish mobile claims offices in the Florida Panhandle, initiate outbound calls to claimants, or take other action to provide quality policyholder service. The Office expects insurers not only to comply with the provisions of Florida law but also to do everything possible to respond to the needs of affected Floridians, restore a sense of normalcy, and facilitate restoration and recovery in impacted communities.
