

Florida Office of Insurance Regulation

Private Passenger Automobile Excessive Profits Report

Pursuant to Section 627.915 (1) and 627.066, Florida Statutes
Covering Valuation Year (All Years Evaluated as of March 31)

The Florida Office of Insurance Regulation (Office) is conducting a data call of Private Passenger Automobile - Excessive Profits Report pursuant to Section 627.915(1) and 627.066, Florida Statutes. This communication is being sent to the person who submits PPA data and the company's financial statement contact.

PAPER FORMS ARE NOT ACCEPTED FOR THIS DATA CALL - YOU MUST FILE ELECTRONICALLY

General Instructions

- Data is to be reported by company or by group if under common management. A list of all companies included in the report and their 5 digit Florida certificate of authority number must be provided. If you are filing on a group basis, use the Florida certificate of authority number of the company that has the largest private passenger premium volume.
- Fill out the forms completely. The “Contacts” tab includes a highlighted cell that designates the filing type (“Voluntary Business” or “FJUA Business”). You must file a separate form for each; the filing system will allow you to upload both templates into the same component of your filing. If you authorize the Automobile Insurance Plan Service Office (AIPSO) to file the FJUA business on your behalf then you do not need to complete this form for your FJUA business.
- The types of coverage are:

- (1) BI = Bodily Injury Liability
- (2) PIP = Personal Injury Protection
- (3) PD = Property Damage Liability
- (4) UM = Uninsured Motorists
- (5) MP = Medical Payments
- (6) COMP = Comprehensive
- (7) COLL = Collision

- If coverages are written on a combined basis and the data cannot be separated, then code this data under the most appropriate individual coverage. Miscellaneous coverages should be coded under the most appropriate individual coverage. (Example: Towing should be reported under Comprehensive.) Include an explanation in the cover letter of your report whenever necessary. NOTE: All coverages must be reported.
- Every company writing private passenger automobile business in Florida must report their data. There are no exceptions. Do not report data for Commercial Auto, Mobile Homes, Motorcycles, Vendors Single Interest, or Unlicensed Recreational Vehicles.
- Forms are due July 1 of each year.
