45 CFR 156.115(a)(3) | The policy or contract shall not apply any financial requirement or quantitative treatment limitation on mental health or substance use disorder benefits in any classification (or applicable sub-classification) that is more restrictive than the predominant financial requirement or quantitative treatment limitation of that type applied to substantially all medical/surgical benefits in the same classification (or applicable sub-classification). | ☐ The issuer attests that it has a list of all financial requirements and quantitative treatment limitations imposed upon MH/SUD benefits in each classification of benefits and applicable sub-classification. The issuer shall attest that any type of financial requirement or quantitative treatment limitation applied to mental health or substance use disorder benefits in a classification (or applicable sub-classification) applies to at least two-thirds of expected plan payments on medical/surgical benefits within that classification (or applicable sub-classification) and that it has the documentation that supports this.  
☐ The issuer attests that the level of financial requirement or quantitative treatment limitation imposed upon mental health or substance use disorder benefits in a classification (or applicable sub-classification) is no more restrictive than the level of financial requirement or quantitative treatment limitation imposed upon more than one-half of expected plan payments that are subject to the financial requirement or quantitative treatment limitation within that classification for medical/surgical benefits and that it has the documentation that supports this attestation. The issuer attests that it combined levels of the financial requirement or quantitative treatment limitation to satisfy the predominant test if there is no single level that applies to more than one-half of medical/surgical benefits in the classification in a manner that complies with 45 CFR 146.136(c)(3)(i)(B)(2) and that it has the documentation supporting this.  
☐ The issuer shall provide a certification from an actuary that an actuarial cost model was built to test each financial requirement and quantitative treatment limitation. An issuer shall use appropriate and sufficient data to perform the analysis in compliance with applicable Actuarial Standards of Practice. The documentation the issuer has attested to maintaining must be made available within 10 days upon request. |

| Cumulative financial requirements and cumulative quantitative treatment limitations | 42 U.S.C. 300gg-26(3)  
45 CFR 146.136(c)(3)(v) | The issuer shall not apply any cumulative financial requirement or quantitative treatment limitation to mental health or substance use disorder benefits in a classification that accumulates separately from any established for medical/surgical benefits in the same classification. | □ The issuer attests that it has performed a thorough review of all policies and contracts and has determined that there are no separate cumulative financial requirements or quantitative treatment limitations from mental health or substance use disorder benefits and that it has documentation to support this attestation.  
The documentation the issuer has attested to maintaining must be made available within 10 days upon request. |
| Nonquantitative treatment limitations (NQTLs)                           | 42 U.S.C. 300gg-26(a)(3)(A)  
42 U.S.C. 18031(j)  
45 CFR 146.136(c)(4)(i)  
45 CFR 156.115(a)(3) | The issuer shall justify the application of any NQTL to mental health or substance use disorder benefits within a classification of benefits (or applicable sub-classification) such that any processes, strategies, evidentiary standards, or other factors used to apply a limitation, as written and in operation, are comparable to, and are applied no more stringently, than the processes, strategies, evidentiary standards, or other factors used to apply the limitation to medical/surgical benefits within the classification (or applicable sub-classification).  
NQTLs shall be categorized as such: 1) medical management- which includes issuer prior authorization, concurrent review and retrospective review protocols and the medical necessity criteria utilized in conjunction with them; 2) exclusions of coverage; e.g., experimental or investigational; 3) plan provider network matters- credentialing criteria, network tiering; 4) network adequacy; i.e. plan MH/SUD network performance; 5) provider reimbursement rates; 6) prescription drugs; 7) other NQTLs as identified by the issuer- restrictions on facility type, geographic location. | □ The issuer attests that it maintains a list of all NQTLs imposed upon mental health or substance use disorder benefits and medical/surgical benefits within each classification of benefits (or applicable sub-classification), including the methodology used to identify those NQTLs.  
□ The issuer attests that for each NQTL imposed on MH/SUD benefits, in each classification the limitation is imposed, the issuer has performed an analysis that contains the following:  
1) Identifies factors that trigger the imposition of the NQTL for MH/SUD benefits and for medical/surgical benefits  
2) Describes the evidentiary standards that define the factors and any other evidence relied upon to design and apply the NQTL  
3) Comparative analyses to determine that the processes and strategies, as written, for mental health and substance use disorder benefits are comparable to, and are applied no more stringently, than the processes and strategies, as written, for medical/surgical benefits  
4) Comparative analyses to determine that the processes and strategies used to apply the NQTL, in operation, to mental health and substance use disorder benefits are comparable to, and are applied no more stringently, than the processes and strategies used to apply the NQTL, in operation, to medical/surgical benefits.  
5) Detailed summary explaining how the information and analyses required above demonstrate compliance with 45 CFR 146.136(c)(4)  
The analyses must be available upon request within 10 business days. |
